The South Carolina Association of Environmental Professionals invites you to attend!

Date: Thursday, March 21, 2024

Time: 6:30 pm (social) 7:00 pm (meeting start time)

Where: Weston and Sampson Office - 1201 Main Street, Suite 930,

Columbia, SC 29201 or Zoom (link below)

Cost: No charge for paid members or first-time attendees

Speaker: Adam Mims, Santee Cooper

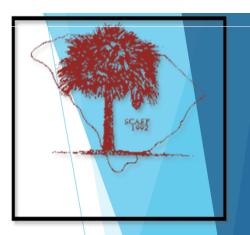

Topic: Beneficial Use and CCR Pond Closure

Adam Mims has been with Santee Cooper for 16 years and holds a BS in Biology and Chemistry from Coastal Carolina University, an MBA from Charleston Southern University, and a MEM (Masters of Environmental Management) from Duke University.

The presentation will be a discussion on the current and future CCR beneficial use activities associated with evolving regulatory agendas. The regulatory agendas are driving the energy industry and others into a cleaner and more sustainable future. How these industries decide to meet these new requirements will have plenty to do with long term planning and preservation of CCR that has been harvested and stored for future usage along with financial incentives and requirements by the United States Legislative and Executive branches.
