

The South Carolina Association of Environmental Professionals invites you to attend!

- Date:** **Thursday, September 18, 2025**
- Time:** **6:30 pm (social) 7:00 pm (meeting start time)**
- Where:** **SC Power Team Office – 1201 Main Street, Suite 1710,
Columbia, SC 29201 or Zoom ([link below and must register to access](#))**
- Cost:** **No charge for paid members or first-time attendees**
- Speaker:** **Christopher B. Bartley, Program Director, Terracon Consultants, Inc.**
- Topic:** **“Ugly Sites Need Love Too”**

Today’s stock of “easy sites”, those free from the specter of environmental impairment and ready for redevelopment, are dwindling. We need to have a plan to address these issues to help move properties from “ugly” and back into productive re-use. We’ll walk through 20 years of site statistics and explore some project examples to help inspire your next redevelopment project.

Mr. Bartley is a Senior Scientist with Terracon Consultants Inc. Chris holds a BS in Environmental Science from Lander University and an MS in Geochemistry from Georgia Tech. His graduate research focused on freshwater biogeochemical cycling in the Chattahoochee River in Georgia. After graduate school, Chris worked for the South Carolina Department of Environmental Services completing site assessments for state and federal Superfund (HRS) scoring. Mr. Bartley has been with Terracon since 2006. Chris’ professional practice primarily focuses on state and federal brownfields redevelopment in the Southeast; independent data validation, usability, and environmental statistics consulting for assessment and remediation projects nationally; and consulting/design regarding chemistry on a variety of *in situ* chemical oxidation and biologically-enhanced remediation projects nationwide. Mr. Bartley is an Environmental Professional under ASTM 1527 and a Terracon Authorized Project Reviewer (APR) for Site Investigation. Currently, Mr. Bartley serves as Terracon’s technical leader for site investigation and remediation in the Southeast Division.

Our Sponsors:

❖ Who are we?

- SCAEP was founded in 1992 as a non-profit organization with the following objectives in mind:
- Promote harmony, cooperation, and mutual understanding among environmental consultants, regulatory agencies, educational professionals, business professionals, etc.
- Allow members of the various disciplines represented, both public and private, the opportunity to interact at a social level
- Encourage the transfer of technical information
- Provide a vehicle for continuing technical education
- Foster the highest standards of Professional Ethics within the environmental field
- Combat unfair practices within the environmental field

❖ Why Join or Sponsor SCAEP?

- PE/PG Credit Hours!
- Networking with professionals
- Food and drinks (some “fortified”) at each meeting
- A forum to present new research and interesting topics (PGs get 2 credit hours for presenting!)
- Two memberships when you sponsor SCAEP
- We always have fun and the whole group is pretty much AWESOME 😊
- Membership fees are only \$35/calendar year and \$15 for students
