

The South Carolina Association of Environmental Professionals invites you to attend!

- Date:** Thursday, May 21, 2026
- Time:** 6:30 pm (social) 7:00 pm (meeting start time) – **Please RSVP**
- Where:** SC Power Team Office – 1201 Main Street, Suite 1710,
Columbia, SC 29201 or Zoom ([link below and must register to access](#))
- Cost:** No charge for paid members or first-time attendees
- Speaker:** Matthew McGuire, PE, Senior Project Engineer
- Topic:** “Environmental Due Diligence: What is it and Why is it important?”

As environmental professionals most of us have probably worked on projects that required Environmental Due Diligence. Starting out, you may have asked yourself what is environmental due diligence, why is this important? During this presentation, we will touch on what environmental due diligence is and the importance of completing ASTM International Standard Phase I ESA (Standard E1527-21) and Phase II ESA (Standard E1903-19).

Matt is a Senior Project Engineer in Weston & Sampson’s environmental, geotechnical, and energy engineering (EGE) group and is based in Columbia, SC. Matt currently is the manager of Weston & Sampson’s Landfill Environmental Monitoring and Compliance Program, which includes 50 municipal and state-owned landfills and has regulatory permitting, site assessment, and engineering experience in a variety of facility demolition, decommissioning, and site redevelopment projects. When Matt isn’t working, he looks forward to spending time with his partner and his dogs at Soda City Market or working on home renovations.

Our Sponsors

❖ Who are we?

- SCAEP was founded in 1992 as a non-profit organization with the following objectives in mind:
- Promote harmony, cooperation, and mutual understanding among environmental consultants, regulatory agencies, educational professionals, business professionals, etc.
- Allow members of the various disciplines represented, both public and private, the opportunity to interact at a social level
- Encourage the transfer of technical information
- Provide a vehicle for continuing technical education
- Foster the highest standards of Professional Ethics within the environmental field
- Combat unfair practices within the environmental field

❖ Why Join or Sponsor SCAEP?

- PE/PG Credit Hours!
- Networking with professionals
- Food and drinks (some “fortified”) at each meeting
- A forum to present new research and interesting topics (PGs get 2 credit hours for presenting!)
- Two memberships when you sponsor SCAEP
- We always have fun and the whole group is pretty much AWESOME 😊
- Membership fees are only \$35/calendar year and \$15 for students
